

## HOLDS WILSON GUILTY FOR DEATHS IN MEXICO

Chairman Cole, of G. O. P. Speakers' Bureau, Says Democracy Can't Evade Responsibility.

(By the International News Service.) New York, Aug. 24.—"The Wilson administration can no more evade responsibility for lives lost at Vera Cruz than it can evade the blood of hundreds of Americans in Mexico, as a horrible aftermath of 'watchful waiting' said Chairman Ralph D. Cole, of the Republican National Speakers' Bureau today. Answering Secretary Daniels' denial that the American forces at Vera Cruz were under orders not to fire until fired upon, Chairman Cole said: "Admiral Fletcher in his report on the evening of April 21, 1914, said: 'Our men are only firing when fired at.' " "Consul General Canada in his report said: 'Our men are simply defending themselves.' " "The New York Sun's cable report from Vera Cruz, April 21, said: 'Admiral Fletcher's orders were that the landing party should occupy these positions (custom house, etc.) and make no attack on Mexican troops unless they were attacked.' " "That statement as to Admiral Fletcher's orders, made in a reputable newspaper, was not denied at the time. Who gave Admiral Fletcher such orders. Of course, they came from the Navy Department, and equally of course, President Wilson, as commander in chief of the army and navy, was responsible for them."

## TO ATTEMPT RAISING OF NAVAL COLLIER HECTOR

The Navy Department yesterday awarded contracts for the raising of the big naval collier Hector, which was broken in two off the South Carolina coast several weeks ago by a hurricane, resulting in three members of the crew being injured. Efforts will be made by the Merritt Wrecking Company and the Yank Wrecking Company to take the two ends of the vessel into dry dock and put them together again.

## MRS. WM. BOWERS LIVED ON LIQUID DIET

Two Bottles of Dreo Put Her on Solid Food and the Road to Health.

"I'm 72 years of age and have suffered for years from liver trouble, poor appetite to the point where the doctors put me on a liquid diet, till I lost all desire for food of any sort. I had four doctors in all, and I surely thought they ought to know what they were doing! I had rheumatism, like lots of people of my age, and the worst sort of pains in my back; was bilious most of the time; had gastritis till I had more pain in my stomach than I ever had food; heartburn once in a while to add to my troubles, and my tongue was coated and my breath unpleasant a good deal of the time, and a great sufferer from asthma, which kept me very weak. "I'm on my third bottle of Dreo now, and honestly you wouldn't know it was the same woman. Every single one of these complaints and some others I haven't mentioned have been corrected, and most of them entirely cured, and I'm going to stick to Dreo for another bottle, just to make sure. "Instead of being a weak, run-down woman, living on liquids and getting weaker all the time, I'm eating like anybody else, and am getting to feel as I did when I was 20 years younger. If you think this might help anybody else on the right track, tell them about me." The Dreo man explains that he has a great many cases where practically the same result has been gotten—but in Mrs. Bowers' case the advanced age and the long-standing case of rheumatism and other troubles really does prove unusual merit for Dreo. Mrs. Bowers lives at 3640 Maple Avenue, Baltimore. Dreo is sold in all the O'Donnell Drug Stores, Allen's in Alexandria, Burry's in Anacostia—Adv.

## Political Notes

Chicago, Aug. 24.—Announcing himself as well satisfied with conditions in the Middle West, Vance McCormick, President Wilson's campaign manager, started back for New York today. While here, McCormick held conferences with leaders in Illinois, Michigan, Indiana, Minnesota and Iowa, and with Senator Thomas J. Walsh, Democracy's western manager.

Chairman A. E. Stephenson, of the Michigan State Committee, gave out a statement today prophesying his state will go overwhelmingly for Wilson this year. National Committeeman E. G. Hoffman, of Indiana, gave out a similar statement on behalf of the Hoosier state.

New York, Aug. 24.—Chairman Wilcox, of the Republican National Committee, today announced that former President William Howard Taft will stump for Hughes.

Chairman Cole, of the Republican Speakers' Bureau, has advised from Battle Creek, Mich., that the presence of Col. Roosevelt there on September 20, to speak for Hughes will be the occasion for an old fashioned barbecue, and that special trains will be run to bring people to the town to hear the Colonel.

Another Republican speaker in the Maine campaign will be James R. Garfield, of Ohio. H. G. Hastings, of Atlanta, was at Republican headquarters today, and said that in his opinion, Georgia would "go Republican" and vote for an administration with "backbone."

Cleveland, Ohio, Aug. 24.—Republicans are daily growing more confident here that Myron T. Herrick will be the next senator from Ohio. He was nominated by the Republicans in a state-wide primary, and is running against Senator Pomeroy, present Democratic incumbent. Mr. Herrick was formerly Ambassador to France, and also an ex-governor of Ohio, in addition to being a prominent banker of Cleveland.

Boston, Mass., Aug. 24.—Former Gov. Eugene N. Foss, of Massachusetts, failed to get enough signatures on his nomination papers and his name will not go on the ballot for the Democratic nomination for United States Senator.

Portland, Me., Aug. 24.—Progressive National Committeeman Matthew Hale, of Massachusetts, has consented to stump Maine for President Wilson and will start his speaking on Saturday night, with Sherman L. Whipple, of Boston, at a Democratic rally in Lewiston.

Lewiston, Me., Aug. 24.—Representative Thomas Healin, of Alabama, has been making effective speeches for the Democratic ticket. He will be joined next week by a corps of his Congressional colleagues.

New York, Aug. 24.—Irvin S. Cobb, it was announced at Democratic national headquarters yesterday, will take the train for New Orleans on Saturday. "I think I can let you have me the last two weeks in October," Mr. Cobb has advised Chairman Homer S. Cummings of the Speakers' Bureau. "If you think the public will stand for me, so long a time, as two weeks."

Trenton, N. J., Aug. 24.—United States Senator James E. Martin filed a petition today for renomination as the Democratic candidate. Senator Martin requested the Secretary of State to print the word "Democrat" opposite his name on the election ballots. Another candidate, Frank M. McDermott, of Newark, presented the qualification and the request was denied. About 3,000 signed the petition.

## Notes of Camp Ordway

By WATSON DAVIS.

Every five minutes in Battery A some soldier calls out, "Call off" and another artilleryman answers, "Sansone, Sansone, na. Scagnelli, Sampelle, La Manna." All these men reside in the same tent and are in the same section in the battery. Their full names are: Sansone, Pletantonio Sampogna, Frank Scagnelli, Ben H. Sampelle, John Santa La Manna.

Friday is official clean-up day. Everything must be put in the best of shape for the Saturday morning inspection. The soldier himself must be cleaned, his clothes must be washed, his leather must be cleaned and oiled, all his equipment from mess kit to rifle and pistol, must be speckless and polished. Tents must be polished, and company streets swept clean. Often the soldier is kept busy for the whole of Friday afternoon with his preparation for the scrutiny of officers in the morning.

Company A has a scouting squad. Thomas Costa has been given the title of chief scout, and Peter Cornell is his assistant. The membership list consists of Scouts Smithers, Altop, Udelv, Walker, Cleveland and Connor.

C. J. Benner, former sergeant of the band, is acting as assistant leader every evening when the band plays at guard mount. He comes out to camp every evening for his work, and stays with the bandmen all day every Sunday. His brother, who has just received a new bass horn, was formerly a sergeant in Company M, but transferred to the band as a corporal.

Corp. W. R. Moffatt, of Battery A, can pick up a handkerchief from the ground while his horse is at top speed. He did the feat while a battery squad was out on a road march, and before the ride was over, every man in the party tried the stunt. Many were successful.

An epidemic of sore wrists struck Troop A last night. Every man flinched for the shock hands. The cause has been found in the saber drill that Capt. J. H. Washburn put them through in the morning. Heavy cavalry sabers were issued last week, but this was the first workout the men had.

## LOYAL LEGION WOULD ARM.

United American Mechanics, Under New Name, for Plan. Atlantic City, N. J., Aug. 24.—Preparedness was unanimously indicated at the annual meeting in the Morris Guards Armory here today of the National Council of the Order of United American Mechanics. The report of the Loyal Legion, an adjunct of the order, representing 15,000 members, recommended that the legion be equipped with modern rifles and khaki uniforms. It was decided by a vote of 7,000 majority to change the name of the order from the United American Mechanics to that of the United American Men.

Lenox Bars N. Y. City Children. Lenox, Mass., Aug. 24.—The Lenox board of health voted today to quarantine the town against the children of less than 16 years of age from New York, Brooklyn, and every other place where infantile paralysis has appeared. The police department was instructed to turn back all young children from any infected community.

## JILTED SUITOR ATTEMPTS TO BURN GIRL'S HOME

Special to The Washington Herald. Philadelphia, Pa., Aug. 24.—Charged with attempting to burn the apartment house in which the girl who had jilted him lived, John Earlsowski was arrested and held in \$2,500 bail by Magistrate Marsh, in Essex Market Court. Babrouski and Miss Minnie Hamowitz visited City Hall a short time ago and asked for a wedding license, but before they could get all the questions answered, they quarreled, and each left the building in a huff.

A brick crashed through a window of Minnie's room and written on the brick in Polish was the warning: "Stay there, and you will be killed tonight!" A patrolman Harley was called. He found kerosene sprinkled about the hallway, and some burned matches and the request was denied. About 3,000 signed the petition.

## BUSINESS ACTIVITY OF U. S. WITHOUT PARALLEL

"The United States, at the close of the period, April, 1916, had entered upon a period of business activity which has no parallel in the history of the country." This is the conclusion drawn in a report recently prepared for Senator Simmons, chairman of the Senate Committee on Finance, by the Bureau of Foreign and Domestic Commerce, Department of Commerce. The report says that although business activities in various countries the world were normal for two years before the war, in every country there was a decided decline after July, 1914.

## TEXTILE GROWTH FAST ON SOUTHERN RAILWAY

Eight hundred and twenty-seven textile plants, carrying 3,625 spindles and 24,677 looms, in operation on the lines of the Southern Railway, Mobile and Ohio Railroad, Georgia Southern and Florida Railway and associated lines—that is the record presented in a textile directory for 1916 just issued in booklet form by the industrial and agricultural department of these roads. The directory shows a total of 635 cotton mills, 152 knitting mills, 33 woolen mills and 7 silk mills, with 11 new textile plants under construction.
